Adriana Elizarraraz

Graphic Designer | Web Designer

Houston, Texas | elizarraraz102@gmail.com | Portfolio Available Upon Request

Dear Hiring Manager,

I am writing to express my interest in graphic design and web design opportunities with your team. As a bachelor's graduate in Graphic Design and Media Arts, I bring a strong foundation in branding, typography, layout design, and digital campaigns, paired with hands-on technical skills in Adobe InDesign, Illustrator, Photoshop, After Effects and Figma.

What sets me apart is the combination of creative and analytical thinking I bring to every project. My professional background in a technical, detail-driven environment has sharpened my precision, problem-solving abilities, and capacity to manage complex work under pressure- skills that translate directly into disciplined, well-executed design work. I approach every brief the same way: with curiosity, structure, and an eye for what makes a visual system feel both functional and refined.

My recent projects span brand identity development, social media campaign design, UI/UX concepts, and editorial layout - all built with an eye toward modern, elegant, and purposeful design. I am equally comfortable designing a visual identity from the ground up and building the functional website to bring it to life, which allows me to contribute across the full arc of a project.

I would welcome the opportunity to discuss how my design and development background could add value to your team. My portfolio is available at adrianaedesign.com, and I'd be glad to share additional work samples upon request.

Thank you for your time and consideration

Sincerely,

Adriana Elizarraraz
